

## Feb 24-Humility 2012-02-24

---

- Jesus was humble from the beginning. Incarnation of God into man in itself is the greatest example of humility.
- Grace is an undeserved gift from God.
- Humility takes strength and grace from God
- Humility is being strong and knowing your value enough not to seek compliments and acceptance from others.
- Be proud of your God, not of yourself.
- Being proud is deception from the devil. Just as Adam took proudness from the devil
- There is a difference between being humble and having low self esteem. Low self esteem: I am nothing. Humbleness: I am nothing but I can do all things through Christ who strengthens me.
- A humble person has confidence not in himself but from Jesus. Faith is confidence.
- Humility is like putting on a coat. You have to put in the effort to have humility. It's also a daily activity
- Ways to be humble:
  - Practice learning from others. Accept criticism and advice. Be teachable.
  - Practice admitting when you're wrong. Apologizing etc. Repentance and confession
  - Put comfort and consideration of others ahead of yourself.
- Humility is not thinking less of yourself, but thinking of yourself less
- Christian humility is a free gift from the Lord
- Humility is being God centered and others centered but not self centered.
